☞ Gentlemen about departing for California can be supplied with every article of Clothing which they may want by calling as above

ECONOMY IS THE ROAD

——TO——

CALIFORNIA.

THE subscriber would respectfully inform all those who are desirous to go to California, but find themselves minus the "TIN"—that he has recommenced his business of

Tailoring and Repairing Cleansing,

——at his OLD STAND,——

110 Main Street,

And assures the public that they will find his establishment *the* road to commence to go to California, therefore, all who have soiled garments and would use economy, are requested to call at MURRY'S He warrants to remove spots occasioned by acids, grease, paint tar, ink, and marks of all kinds, and press and finish the garments in a superior manner His mode of cleansing garments, is different from any in the city as it does not injure them either in form or durability, but gives them the appearance of new

Repairing and altering done in the neatest style His work will be done well, at reasonable prices, and with punctuality

He respectfully returns his sincere thanks to the citizens of Bangor and the public in general for the very liberal patronage he received while in business heretofore and hopes by strict attention, and by superior skill in the business, (as all who have favored him with their custom can testify) to merit and receive a share of public patronage

Orders attended to in any part of the city

J. F MURRY,
June 7 tf 110 Main Street

NEW WATER CURE ESTABLISHMENT

....AT....

GORHAM, MAINE.

THE subscriber has taken that beautiful and eligible situation in Gorham, Maine, known as the WOODBURY ESTATE, which he has fitted up for a

Water Cure Establishment,

And which will be open for the reception of patients on the first day of May instant

The House is large, elegant, and commodious,—the rooms spacious and airy, and the whole is furnished in such a manner as to gratify the taste while it secures the comfort and promotes the health of the inmates

The location of this establishment is such that it leaves nothing to that respect to be desired It is one of the most delightful residences in New England, and combines the advantages of the rural pleasures and quiet of the country with near proximity to the city It is one mile from Gorham village, and only eight miles from the city of Portland, hence it is easily accessible from all parts of the country

The water is pure and abundant —the most convenient arrangements for its application will be adopted and no pains will be spared to render the treatment efficient

The Proprietor, being a regularly educated physician, and having had much experience in other modes of practice, as well as in Hydropathy, and having moreover, visited the most celebrated Hydropathic Institutions in England France, Germany and Belgium for the purpose of obtaining a thorough knowledge of the system confidently hopes to give satisfaction to all who may place themselves under his care

Genteel Horses and Carriages, good saddle Horses and various sources of innocent and healthful amusement, will be provided

E PORTER EASTMAN, M D

WM. FORD

WOULD respectfully inform his friends and the Public generally, that he continues his business of

CLEANSING GARMENTS

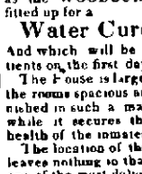
of all kinds, at the East end of Central St Bridge. He restores by his process, garments which are faded and soiled to their origina color, in a satisfactory manner and on the most reasonable terms

He has on hand of his own manufacture an unrivalled and superior *COMPOSITION SOAP* for removing stains from Cloths and Silks, which he will warrant to be a first rate article

Those in want of any thing in his line of business are invited to call

☞ Orders attended to promptly

New Hotel at Oldtown!



JAMES STINSON

Announces to his friends and to the public, that he has fitted his large, commodious and centrally situated dwelling for a Public Hotel, and has opened the same to the public with the determination that every attention shall be paid to the accommodation of the travelling community

He gives full assurance that he will keep a TEMPERANCE HOUSE, and that nothing shall be wanting on his part to entitle him to the approbation of all who may favor him with their patronage The House will be kept on a liberal scale, and the most assiduous attention shall be given to make the house a desirable and comfortable home for travellers as well as more permanent boarders

It is believed that a Hotel of this description is greatly needed in Oldtown, and the public are invited to give it their support.

MRS. R. JORDAN

Begs leave to inform her old patrons that she has removed from **No. 22 Main Street, to 46,** *Opposite the* LARGE HOUSE,

On the lower Floor

Mrs J here returns her thanks for the liberal and extensive patronage of the inhabitants of Bangor and surrounding country and calls their attention to

THE FACT

That her Establishment was the first of the kind opened in this place

Sixteen Years Ago,

And with her vast experience and resources for obtaining improvements at the present time, render her Establishment superior to any in this city, and Mrs J hopes to receive the continuation of that reputation which has universally been given her for the

Clear and fine Finish

of her Straw BONNETS

With the large assortment of Straw Goods of her own manufacture she is constantly receiving them from New York —also from the

Home Manufactory

of DAVIS & BLAKE Portland, whose new and improved facilities are such as enable them to sustain

THAT REPUTATION

for Style and Finish, which is acknowledged by all to be not equalled by any other Manufactory in the *UNITED STATES*

In addition to her Straw Millinery Department, MRS JORDAN is prepared to furnish her patrons with all kinds of Silk Millinery, comprising Caps Silk Shirred Hats Lawn, and Mourning do Hats, trimmed in an

Elegant Style,

by experienced Milliners from a large assortment of the richest and latest patterns of Ribbons and Flowers just received from New York

Mrs J also continues to clean and repair Bonnets in the usual style which is acknowledged by all to be the BEST Particular attention is paid to the Bleaching and pressing of Gents Leghorn and Panama Hats Also Ladies Lace Bonnets which are cleansed and finished in a manner that render them

Equal to New,

and Ladies who may be desirous of having their Lace Bonnets repaired may rely on having them done to their satisfaction or *NO CHARGE*

SOMETHING NEW IN BANGOR!

AN AIR-TIGHT

Cooking Stove,

With two Ovens,

——INVENTED BY——

JAMES ALGER

OF PENNSYLVANIA.

THE greatest invention of the age —the most practical and scientific production ever made in the Stove line 3000 of these Stoves were sold in New England during 1848 —More than 30,000 are now ordered of the Manufactories in New England alone This Stove has received the highest premium from every Fair but it has been exhibited before

Hot Blast Air-Tight

COOKING STOVE.

[We would call the attention of the reader to the Report of the Worcester County Mechanics' Association, held in the city of Worcester Sept 1848]

Hot Blast Air Tight Cooking Stove, contributed by Gordon Williston Worcester This stove involves an entire new principle in applying the heat to the baking or broiling of meats The fine flavor of meat cooked directly upon the coals is the result of the action of the carbon To broil on coals or over coals in our best Stoves where this flavor is acquired is both a difficult and disagreeable operation But in this stove a steak was broiled in three minutes without any smoke or odor escaping into the room It was evenly and well cooked and had all the pleasant twang of a coal broil A large oven immediately over the ordinary oven is so constructed that the whole body of heat can be made to pass through it forming for the time being a flue for the draft This arrangement secures all the qualities of a good broiler bake in nice ts without the labor usually attended on such affairs It likewise has good radiating qualities, with large oven and convenient arrangements for cooking furniture —[Silver Medal

American and Foreign Office.

AGENCY FOR BUSINESS

With U. S. Patent Office,
WASHINGTON
NO 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent for the U S Patent Office, in accordance with the 10th Sec of Act of 7

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *by a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats Specifications Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their Patents They also have the advantage of *personally* explaining their inventions and of consulting in respect to them, *matters in general of paramount importance in order to obtain correct specifications and claims* The experience of sixteen years practice, an extensive collection of rare works decisions &c on mechanical subjects, the Patent Laws and patents of different countries, collected at much expense during the long time the office has been established together with accounts, were kept of inventions patented and information how to procure Patents assistance and information on all other respects might be difficult of attainment

R H EDDY, Solicitor of Patents

WASHINGTON, July 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents I there were few persons acting in that capacity who had so much business before the Patent Office and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States and I have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their application in form to secure for them as early and favorable consideration at the Patent Office DAVID D. TURELL,
Late Commissioner of Patents

California Correspondence.

The following letter written by Mr Charles H Hayes of this city to his relative in Portland, will be read with interest I will be recollected that we have previously published a letter from Mr Hayes and also one from W H Farnham, Esq of this city both in the same party on their way to California by the route of Lake Nicaragua We return many thanks to the friend of these gentlemen for their kindness in allowing us to copy these letters for the information of our readers and the public generally.

CHINANDAGUA STATE NICARAGUA
May 1849

Here I am within eight miles of the Pacific ready for the first vessel, bound to San Francisco I wrote a letter from Leon, on my journey hither, to another, and as the gentleman who was to take that, will be detained to San Juan, I embrace the opportunity to give you a few days later intelligence

We have seen some hard times in getting here in rowing eight days over the San Juan rapids and then travelling part of the time on foot and then on a march over the mountains, and the worst kind of a dusty road but I must say I do not regret it as we have travelled through some fine cities, and through a country, of which before we had but little information

The church is the only place of business in the country and from morning till night and night till morning the bells are constantly ringing, and people constantly running in and out further than that I have never seen a man engaged in any occupation, and a more miserable ignorant, lying thieving, cowardly race of people I never wish to meet with

I would agree to take a party of fifty men from our company, and conquer the whole country

At Leon we visited the grand Cathedral which is called the richest church in the country It is very old, and somewhat decayed but the quantity of gold and silver it contains is truly surprising A very small part of it would satisfy me, and I would retrace my steps immediately Should I undertake to write an account of my 'travels in Central America, I fear I should not agree with 'Stephens and we have all come to the conclusion that he is a humbug

The houses in the cities are built of burnt brick, in the old Egyptian style, the carts are of the same pattern, the cattle yoked, by the horns, and from all appearances, I should not suppose that anything had been altered or improved since the flood

The cartmen are so lazy, that they will force their cattle to draw their carts over stones, on the mountains rather than to roll them out of the road, and in many places where a tree had fallen across the road, that could be easily removed in ten minutes, they will drive into the bushes and make a new track, rather than to remove it even if it should take them two hours to get around it

Chinandagua is a place of 6000 inhabitants, and as I have told you eight miles from Realejo, I walked down there, last Saturday, and from thence paddled a canoe to the mouth of the brook (river they call it) where the ships lay at anchor

There are two American ships laying there loading with hides for Boston but as yet we have not been able to procure a vessel for our company

Mr Gordon has sent agents to several ports up and down the coast, and as vessels are constantly touching there for water and provisions, we feel confident, that ere long we shall be able to charter one

The English Consul here has been expecting a ship for some time that is already engaged for us providing we do not get away before she arrives, but I fear we shall not reach the 'Gold Diggings before July at any rate, as we have already been detained so long, in crossing the country

The Gold fever rages here, slightly, (not among the natives by any means) but among the officers and sailors of the vessels in port —

One vessel touched here a short time since with all hands rich on board, and reported wonderful stories, about the gold, larger ones than I heard at home, and I almost came to the conclusion that Gold would be at a discount before I got mine, but I am bound to go And having worked pretty hard and got well toughened, I shall be in good condition when I do arrive there

We hear bad stories from Chagres and Panama, as regards sickness &c, but since we left New York not one man has been sick in our party although we have at times gone through, what at home would put every man on his back Wherever night has overtaken us on the road or even in the villages, we hitched our mules laid down on the ground and slept sweet until morning, and as comfortably as I have slept at home, although there, we have had softer beds, and whenever we feel inclined to visit a neighboring village, eight, ten or twelve miles distant, we never think of riding, but notwithstanding the heat, can walk the distance without the least fatigue or inconvenience

We are expecting rain every day, as it usually commences raining about the 1st of May, and I assure you it will be a blessing to us, now that we are across the country, as the dust is our greatest trouble

Our American Consul at Leon, Mr Livingston, told us that we need have no fear of sickness, as at all times the country is perfectly healthy, and that after raining ten or fifteen days it would then come in showers at night, making the days very pleasant and agreeable — I hope we shall be able to charter a vessel in the course of ten days, and think the prospect first rate for doing so If so you will not probably hear from me again until I reach California and then I shall write immediately on my arrival

I am anxious to hear from home, and trust that you have sent letters for me to San Francisco Hoping that you are all well and happy

Truly yours, C H H

☞ Dr Hayes of Boston, states that the best disinfecting agent and the cheapest is the common copperas, and for general use, one pound of this dissolved in one gallon of water, forms a fluid, which when sprinkled on decomposing matter, or any changing surfaces, immediately destroys putrescent exhalations In extreme cases two pounds of copperas, to one gallon of water, may be used and in some situations the addition of so much ground plaster, as will form a thin paste, will be required The weekly sprinkling of cellar floors, paved sides, drains and all filthy receptacles with this fluid, will render the atmosphere above them perfectly salubrious In sick rooms and confined spaces the odorless liquid should be placed in shallow vessels, freely exposed, when its power of absorption will soon change the character of air around

☞ Doctor B R Buker, of Hampden, by his promptness, and devotion to those who were recently afflicted with the Cholera in that town, and who evinced so great skill, often having to do the essential labors of nurse as well as physician, has very justly acquired a high reputation His labors have been very fatigueing and of all the patients for whom he has prescribed but one has died He feels amply compensated for his extra labors, we doubt not, now that they are over, in the large experience which this practice has given him in one of the most fatal diseases of modern times

☞ The Legislature adjourned on Wednesday last after a session of ninety nine days. We shall publish a list of the acts and resolves passed during the session in a few days

A resolve passed submitting to the people the question of changing the time of the session of the Legislature back to January Instead of May making the next Legislature meet in one year from next January instead of next May

☞ We learn that Casco Engine Company of Portland will visit this city on Tuesday next and be received by Eagle Company No 3 and provided with a complimentary dinner in the afternoon at the Greys Hall The firemen here are determined to have a time and we shall announce future arrangements in future papers

☞ Dr Sammis has numerous private examinations in Physiognomy at the Hatch house, at all hours of the day His last lecture of the public course will be given at the City Hall on this evening We hope he may be induced to devote one evening to an examination of heads as we believe that a large number would be glad to enjoy such an evening

Kennebec Whig Conventions

The Whig Conventions in Kennebec county was held at Augusta on the 14th inst and nominated for the Senate John Neal, Edwin Noyes and Ebenezer Freeman for Commissioner, Moses Faber, and for Treasurer Daniel Pike Spirited resolutions were reported by Col J P F Dumont, which we shall publish on Monday

Farmers, look to your Cornfields.

Large numbers of caterpillars are devouring the silk of the ears, and doing much damage in many fields particularly in the vicinity of orchards Immediate attention may prevent much injury to the corn crop. D

The sabbath school connected with the First Parish took an excursion down the river and bay yesterday in the T F Secor They formed a very large company

☞ A fine little boy came to us yesterday, full of excitement and interest, to bestow his Dime towards making up a Christmas present for the 'Little Nailer"

☞ Remember the meeting on this afternoon for the organization of the Horticultural Society

[For the Whig and Courier]

The Cholera in Hampden

This most destructive disease broke out in the west part of Hampden on the first day of the present month in a farming community upon a ridge of the high land lying between streams and ponds, along the banks and shores of which in some places are considerable meadows while the land in other places is high and dry The location is usually regarded as quite healthy But what connection there may be between the low condition of these streams and ponds, and the fatal sickness that has prevailed, I leave for others better skilled in tracing effects to their causes to point out The disease first appeared in a family in which ardent spirits were habitually used, and in which the diarrhœa had prevailed for several days causing some members of the family to be quite sick There is no good reason for supposing that it was brought in to the place by any one returning from sea, as has been reported Although there was a man died that came home from sea about this time (and he lived nearest neighbor to this family) yet he was not sick himself, in any way, nor did he have clothes washed by which an infectious disease might have been communicated to his neighbors

The man in this family was suffering from cramps pains and diarrhœa when he come home, so that the breaking out of the dreadful epidemic, and his return is merely circumstantial This man's wife had been unwell with the summer complaint about one week (though she was able to be about house all the time and wait upon the other sick ones) when she was violently attacked with this fatal disorder Another woman living about one mile distant, was seized a few hours after, in a similar manner, and both died within 18 hours from the time of attack The latter woman had visited the former family while they were sick with the diarrhœa and had prescribed for them, but a hearty dinner of green vegetables, after experiencing some of the premonitory symptoms of the cholera within herself, undoubtedly increased the malignity of the attack, and hurried the victim at an unexpected moment to the grave The third case that proved mortal, was a neighboring woman that waited upon the first one while sick with the cholera, and who watched with the corpse the night following The day after thus exposed and deprived of her sleep, she ate freely of currants or raspberries, and the day after sickened and died The fourth case was the physician, who was attacked while rendering professional services to the last named person He was addicted to the use of ardent spirits, had been prevented from having his usual sleep for a few nights, and had worked hard at haying the day previous The fifth was a little girl of the man who returned from sea The sixth was a man who occasionally used spirits as a drink, and who worked one day for the second man whose wife had died, and whose son had been attacked the evening before but who was that day convalescent He ate dinner at the house, but did not go into the room with the sick boy But he ate fresh fish that evening at tea, and died next day There have been three cases that have proved mortal in Hermon and Carmel The first was a man who had been suffering for several days with a deranged state of the bowels, and in this condition attended the funeral of one of the persons who had died of of cholera in Hampden Both of the other persons attended upon this man and died very suddenly — One of these was a man of intemperate habits Other persons in both places who waited and tended in various ways upon the sick have been more or less indisposed to a similar manner themselves— some immediately after such exposure

From these circumstances it would seem to be contagious under certain circumstances, and that it had all spread from the first two cases But there are others who have been severely attacked with the same disease, who had not been exposed in any such way, while those who have been the most exposed by their constant attendance upon the sick and their assistance in burying the dead, have not been sick at all Some who have been as much exposed throughout as any others are individuals *by no means noted* for their *temperate* and *cleanly* habits

The whole matter is involved in great mystery —it is a 'pestilence that walketh in darkness' There have probably been between 15 and 20 cases in all, 9 of which have proved mortal, the others have recovered or are convalescent The whole community was very much frightened Fear and trembling seemed to take hold of the people All business was suspended Some shut themselves up and others fled while a few maintained a calmness and manifested a devotedness to the necessities of the sick and the dead that contrasted strongly with the timidity and negligence of others

Health is again being restored fears have subsided and the people are returning to their accustomed labors

A W MATHEW

Hampden, Aug 16th 1849

Diluted Free-Soilism.

An extraordinary doctrine, that of the 9th Hubbard resolve! Read it—weigh it—ponder it—test it by the history of our national politics, and by the rules of common sense, and common reason

9 Resolved That although the exercise of the power of excluding slavery from the territories of this Union has received the sanction of every republican administration, yet it involves a principle which has never formed a part of the distinctive creed of the national democratic republican party, and from the nature of the case it cannot be made an element of that creed — The only "common ground, therefore, which can be occupied by the democracy of the several States in respect to it, is one of absolute and unqualified toleration of opinion and action

Non extension of slavery cannot be made a principle of the democratic republican party of the nation? It never has been an article in the creed? Then, there was no national democratic republican party in 1776 Then there was no democratic republican party in 1784, when Jefferson introduced his non extending, abolition ordinance, which, as he framed it, covered all the then territories of the United States, and received the assent of nearly two thirds of the States Then there was no national democratic republican party in 1787, when Jefferson's ordinance was unanimously extended over territory which now embraces five most flourishing free States Then there was no national democratic republican party in 1820 when by the good side of the Missouri Compromise, slavery, existing and prospective, was forever swept from a territory almost immeasurable in vastness, and almost unbounded in nascent resources Then there was no national democratic party in 1848 when the Oregon bill was pressed through by Old Bullion and Senator Houston Then there *will be* no national democratic republican party in 1852, when ———ah! I forgot, sir Beg pardon for what I did not say, for it had nearly escaped me as though I were writing for an organ of my own party

That the non extension of slavery can never become an article of the creed of a *national* party—for that is the real statement—is an assumption from the narrowest view of the narrowest ground I am well aware of its plausibility, and that it has a popularity which seems to stand for its truth, and yet is entirely false Opposition to slavery extension is not sectional in any honorable sense—it is sectional only as it is opposed by the venal and selfish whose property and position are endangered by it — The meaner slave holders—men incapable of seeing the public interest of their own section of the nation, except through their own private interest—these attach themselves to a few ambitious men whose elevation depends on such a prop—and for a time they manage to give tone to the Southern sentiment But the very excess of their doctrines will break them down and a terrible reaction is at hand, terrible, we mean, if politicians of the free States continue to pander to those mean spirits, and to give in to such despicable doctrines Because there are a few thousand slaveholders in a State, is it impossible for that State to wish for free institutions for new States, or even to remove slavery from itself? Because a man is a slave holder is it impossible that he is opposed to slavery and slavery extension? What said the noble Patrick Henry? What said the equally noble and still more distinguished Thomas Jefferson? What said Madison and many other choice Southern spirits? What says the eloquent and world renowned Henry Clay?— What is he now urging upon his own Kentucky, backed up by thousands of Kentucky's noblest sons, her Underwoods, her Moreheads, her Marshalls, her Colemans, her Breckinridges? What says the great Missourian, Thomas H Benton, and what the great body of the people of that State? And is there not in every slave State symptoms, and symptoms from its best men, that slavery is everywhere out of South Carolina—nay, even there, an abhorred institution? Are not its interest daily decaying everywhere? Is it not quite enough that the democracy—the national democratic republican party of the United States—has been thrown out of the Executive power by succumbing to the slave power in the person of Gen Cass?"

If not let our Hamlins, our Morrills and Stetsons cringe on Let them down upon their knees a few times more to the Hodgdons, the Carys, the Danas of Hunkerdom For one, I confess to some respect for a man who dares to be and to act himself, however his course may differ from my ideas of propriety But the man whose course satisfies me that he sees distinctly, and feels the obligations of the right, who wants the courage to pursue it, at ordinary hazards, from a few votes, and so sets himself to deceiving himself while he vainly supposes he is deceiving others, I most sincerely pity, and most deeply despise And such are the leading Hubbard men of this section of Maine They have adopted a platform of principles which they despise as heartily as I do — They were cowardly enough to deem it necessary to adopt it They have adopted a candidate whose choicest opinions on the Free Soil question furnish a motto to stand at the editorial head of the rankest Hunker Journal this side of the Canal Bank in Albany, a candidate whose views on the slavery question, as given in an official form, politically given on a practical question, and which he has never in any form retracted or modified, so far as I am able to learn, are very little more favorable to liberty than those of John C Calhoun, as I shall proceed in another number to show

A FREE SOILER

"Perhaps I cannot better show the utter nonsense of this "impossibility than by quoting what Benton says on behalf of the South in his latest speech, addressed, be it remembered, to slaveholders, and citizens of a Slaveholding State, Missouri After tracing the history of the Wilmot Proviso or as he terms it most truly, the Jeffersonian Proviso—he says, emphatically

"This was the origin of the Proviso, and that origin was *Jeffersonian* and *southern*, for every southern State voted for it It was afterwards applied to Louisiana north and west of Missouri, and that by a southern President and Cabinet and has been lately applied to Oregon and Minesota by the acts of Congress establishing governments for these two Territories and these two acts again approved by a *southern* President (Mr James K Polk) and a southern Cabinet

When a Southern man, a Democrat, a slave holder, addressing a Southern and slaveholding constituency, and that too, in a canvass where his own political fate is pending upon the sentiments he utters, speaks thus, how stand, or rather fall, rebuked the miserable drivellers who, here in Maine, at the farthest possible remove from slavery, talk of the impossibility of non-extension of slavery ever being made a national democratic republican doctrine? Is sla very then to be perpetual, and always to be too popular to be opposed politically in this nation? A doctrine that was, in Southern conclave blotted out of Calhoun's Southern Slaveholders Address to their constituents, is renewed and set afloat in Maine four months after in a Wilmot Proviso Convention? Surely, in the language of Benton, "it was a cruel thing in Mr Calhoun, after thus giving up his *dogma* in Washington—after thus blinking the question and shirking it there—not to have telegraphed his subalterns in Missouri, [Maine,] and told them to give it up here! and so save themselves from what they are now getting and from what is to come

OFFICIAL.

PROCLAMATION BY THE PRESIDENT

There is reason to believe that an armed expedition is about to be fitted out in the United States with the intention to invade the Island of Cuba, or some province of Mexico The best information which the executive has been able to obtain, points to the Island of Cuba as the object of this expedition It is the duty of government to observe the faith of treaties and to prevent any aggressions by our citizens upon the territories of friendly nations I have therefore thought it necessary and proper to issue this proclamation, to warn all citizens of the United States, who shall connect themselves with any enterprise so grossly in violation of our treaty obligations, that they will thereby subject themselves to the heavy penalty denounced against them by our acts of Congress, and will forfeit their claims to the protection of their country No such persons must expect the interference of this government in any form in their behalf, no matter to what extremities they may be reduced in consequence of their conduct An enterprise to invade the territories of friendly nations, set on foot and prosecuted within the limits of the United States, is in the highest degree criminal, as tending to endanger the peace and compromise the honor of the nation Therefore I expect all good citizens, as they regard our national reputation, as they respect their own laws and the laws of nations, as they value the blessings of peace and the welfare of their country, to discourage and prevent, by all lawful means, any such enterprise and I call upon every officer of this government, civil or military, to use all means in his power to arrest, for trial and punishment, every such offender against the laws providing for the performance of our sacred obligations to friendly powers

Given under my hand, this 11th day of Aug, A D 1849

Z. TAYLOR.

FREE SOIL COUNTY CONVENTION.

The Free Democracy of the County of Penobscot are notified to meet in Mass Convention at the New Court House in Bangor, on THURSDAY the 30th August, at 10 o'clock A M, for the purpose of nominating three candidates for the State Senate, one for Clerk of the Courts, one for County Treasurer and one for County Commissioner, and to transact such other business as may properly come before the Convention

Fatal Accident.

Last evening about 9 o clock a dreadful accident occurred at the Fulton Ferry occasioned by the boat striking, instead of clearing the slip — The starboard side of the boat and railing were carried away and a girl named Julia Brady was struck by one of the poles, severing the right arm She died instantly A gentleman named Ballard is supposed to be mortally wounded and several others severely injured It is supposed that a number were carried overboard as the boat was crowded The affair is undergoing investigation

Dates from St Louis state that a company of traders from Santa Fe had arrived, bringing specie to the amount of $100,000 The party left Santa Fe on the 7th of July and bring a large mail from Fort Leavenworth containing 500 letters from California The Southern emigrants through Texas and Elpaso are reported to be suffering for want of water

Maj Chevalie, a Texan, at the head of 25 Americans has accepted the terms offered by the government of Chihuahua to fight the Apache Indians The price contracted for the scalp of the Warrior was $200 and for others $150 and $200 for all prisoners, and animals taken are to be retained by the captors

Chevalie has accepted the above and made one expedition When last seen they were on their return from Chihuah from a hunt in which they had taken 93 scalps 4 prisoners and 55 animals

Dates from Santa Fe to the 9th state that the Indians were committing sad depredations On the 8th, 2 Americans and 2 Mexicans were killed Lieut Thomas encountered a band of Camanches near Sangee, Christie Placer and killed 17 of them

[From the People's Press]

The Coolidge Affair

MR PRATT —Doct Mann has returned from Vermont where he has been passing several week on professional business While on his return I caused to be taken quite a number of Depositions relating to the Coolidge affair some of which I have seen and perused and if the relatives friends and school mates of a deceased person would be likely to recognize his corpse I think there must be something very unaccountable in the matter — The testimony that Dr Mann has in his possession is quite startling, and will I even to the public make a serious matter for some of our Democratic State holders to adjudicate I understand that he is busily engaged in getting out a paper which will tell the story more fully than I can do When the Doctor undertakes anything he generally goes to the bottom of the subject and although rather eccentric he certainly ought to have a fair hearing on a subject so important as this I can conceive of no possible motive for the Doctor's energetic course in this matter except a desire to have the whole truth come out I am satisfied that he is not the man to press the subject, after he is convinced he is wrong I am therefore willing for one that a fair investigation should be made and if Dr Mann is right sustain him

LADD & INGRAHAM

Old Boston's Exhibition!

THE citizens of Bangor and vicinity are respectfully informed that LEWIS, BARTHOLOMEW & CO'S original and beautiful

MOVING DIORAMAS
—OF THE—
Battle of Bunker Hill
....AND....
Conflagration of Charlestown!
....WILL OPEN ON ...
Wednesday Evening, Aug. 15th,
—AT THE—
MARKET HALL,

And continue every evening for a limited period, (Saturday and Sundays excepted)

The Figures are entirely different from those of any other exhibition, being carved in a style of perfect symetry and dressed in appropriate costumes, and by a beautiful combination of machinery, are made to imitate with wonderful accuracy, the movements of animated Nature A scene entitled

THE STORM,
OR THE VICISSITUDES OF RURAL LIFE

Will succeed the Battle of Bunker Hill, and the Exhibition closes with a scene of *unrivalled splendor,* called the

FAIRY LAND!

TICKETS,—25 cts Children under 12 years of age, half price Doors open at 7½ o'clock, commences at 8 o'clock
aug 11 dtf

LECTURES
—ON—
PHYSIOGNOMY.

DR. O. K. SAMMIS will continue his course of eight Lectures on this subject, at the

CITY HALL,

every evening (Sunday and Wednesday evenings the 12th and 15th insts excepted) till completed Each lecture will commence precisely at 8 and close at 9½ o clock

Tickets for the Course,—$1,50 Single Lecture, 25 cents To be had at the Bookstores of Messrs Smith, Duren, and Bugbee,—and also of the Lecturer at the Hatch House, where he will receive calls daily from Ladies and Gentlemen who may wish to test the truth of Physiognomy by verbal or written description of themselves

At the close of each lecture one or two faces will be examined for the satisfaction of the audience aug 11

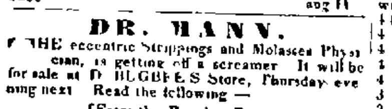
DR. MANN.

THE eccentric Strippings and Molasses Physician, is getting off a screamer It will be for sale at D BUGBEE'S Store, Thursday evening next Read the following —

[From the People's Press]

The Coolidge Affair.

MR PRATT —Doct Mann has returned from Vermont, where he has been passing several weeks on professional business While on his return he caused to be taken quite a number of Depositions relating to the Coolidge affair some of which I have seen and perused, and if the relatives friends and school mates of a deceased person would be likely to recognize his corpse, I think there must be something very unaccountable in the matter — The testimony that Dr Mann has in his possession is quite startling, and will, if given to the public, make a serious matter for some of our Democratic State-holders, to adjudicate I understand that he is busily engaged in getting out a paper, which will tell the story more fully than I can do When the Doctor undertakes anything he generally goes to the bottom of the subject, and a though rather eccentric he certainly ought to have a fair hearing on a subject so important as this I can conceive of no possible motive for the Doctor's energetic course in this matter, except a desire to have the whole truth come out I am satisfied that he is not the man to press the subject, after he is convinced he is wrong I am therefore willing for one that a fair investigation should be made and if Dr Mann is right, sustain him A DEMOCRAT



THE Bark GOLD HUNTER will positively sail for California about the first of Sept as she has all of her freight and most of her passengers engaged A few more passengers can be taken by making immediate application to

CHOLERA SYRUP.

I HAVE prepared an article well adapted to the permanent cure of CHOLERA MORBUS and other Bowel Complaints, which has received the commendations of Medical Practitioners, and has been proved by actual trial to be a specific in all cases when taken in proper season

In the opinion of those who have used it, it is superior to any preparation before the public for the complaints it is intended to cure

Many in this city have found immediate relief in attacks of vomiting and purging, accompanied with severe gripings

Every person should keep a Bottle of this Medicine at hand in case of a

Sudden attack of Cholera,

To take according to directions until a *Physician can be procured* Many a life may be saved by an immediate use of this remedy

Price only 25 cents for a 4 oz Bottle, Manufactured and sold only by G McFARLAND,
No 5 Main-St Bangor

CAUTION.—No one but myself has the formula for making this article whatever may be pretended by reckless dealers aug 11

Cholera Medicines!

DR. M. MANN is preparing Medicines for a certain cure of the CHOLERA, if taken immediately after an attack And to have it available every family *when in health, should be supplied,* as a delay of a few minutes *may* prove fatal Put up in 2 oz phials at 17 cts each

Also, genuine Cognac Brandy, Cherry do, old Port Wine, &c, *for medical uses only,* at No 57 West Market Square aug 11

DR. POLLARD'S
MEDICINES.

I HAVE this day constituted and appointed SILAS ALDEN, No 4 Gothic Block, Main Street, *(under the Hatch House,)* my only authorized agent, (within 15 miles of the city of Bangor) for the sale of my Pile, Humor, and Pin Worm Medicines, which have effected many cures where all other remedies had failed They have given the greatest relief, and general satisfaction to those who have used them of any Medicines yet discovered The Proprietor and Inventor having been for more than 25 years previous to 1846 one of the greatest sufferers in the world, from Canker, Inward Humors and Cutaneous Diseases, and with the Piles especially, has suffered beyond all description; therefore he knows their good effects from personal experience All who are troubled with the above complaints are more or less afflicted with the Palpitation of the Heart Rushing of Blood to the Head, Dizziness, Kidney Complaints, Scalding of the Water Costiveness Female Difficulties which originates from those troubles Those wishing for my services, or Medicines for any of the above Complaints can find me when (not of the city) by enquiring at R K HARDY'S No. 3 Harlow's Block, SILAS ALDEN'S No 4 Main Street, or at my house, Spring Street

I do not claim (as many have done) to cure all Diseases that human flesh is heir to, but will in all cases of the Piles warrant a cure for any reasonable sum, in 60 days, or charge nothing providing the patients will come to Bangor, where I can see them once in two or three days.

PURIFY!!

A VERY celebrated disinfecting CHLORIDE for purifying the atmosphere is now manufactured fresh and good, in this city, by the subscriber

This highly disinfecting preparation, discovered by a celebrated French chemist, is one of the best preventives against Cholera and all other diseases arising from an impure state of the atmosphere — Its presence purifies the air and renders all offensive matters entirely inoderous and it is therefore a very desirable article to throw about sink drains, privies, and all places where the atmosphere is tainted with unwholesome gases and offensive effluvia

This article has received the high commendations and approval of Dr Geo W Holden of this city

For sale in boxes of fifty pounds either by wholesale or single box JAMES DUNNING

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any solid Extracts without vomiting, purging, sickening, or debilitating the Patient

The great bounty and superiority of this Sarsaparilla over all other medicines is, while it eradicates humors it invigorates the body It is one of the very best *SPRING AND SUMMER MEDICINES*

The great bounty and superiority of this Sarsaparilla over all other medicines is, while it eradicates humors it invigorates the body It is one of the very best *SPRING AND SUMMER MEDICINES*

The world knows, it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine And this is the grand secret of its wonderful success — In this alone the past five years, more than 100,000 cases of severe cases of disease at least $5,000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend a Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL

As it renews and invigorates the system gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED.

Cleanse and Strengthen Consumption can be cured Bronchitis Consumption, Liver Complaint, Colds Catarrh, Coughs Asthma, Spitting of Blood, Sore Pain in the Chest, Hectic Flush, Night Sweats Difficult or profuse expectoration, Pain in the Side, &c have been and can be cured.

SPITTING BLOOD

New York, April 26, 1847

DR TOWNSEND—I write to have you know that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 65 Catherine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq. one of the assistants in the Lunatic Asylum, Blackwell's island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not get sleep or walk I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted. Yours, respectfully,

JAMES CUMMINGS'

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise she is fast becoming rugged and hearty, for which we feel grateful Yours, respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE.

Dr Townsend s Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharges thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame which is the great cause of Barrenness It will not be expected of us, in cases of so delicate a nature, to call in certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared for such ladies, as from a reference to female complaints No female who has reason to suppose she is approaching that critical period, *The turn of life*," should neglect to take it as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those whose oppressive womanhood is attended with too active nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the suffering attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease, increases and enriches the food—those who have used it think it indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—as Costiveness, Cramps, Swelling of the Feet Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is it is always safe, and the most delicate use it most successfully. very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, constitutes its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty If the lady is as far as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain pleasantly of step, buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr. Townsend's Sarsaparilla Thousand's who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females, &c, &c*, and have copied our bills and circulars which relate to the complaints of women, word for word—no other man who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended them, although previously they did not A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED

This Certificate conclusively *proves* that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores, have taken only four bottles it took them away, for which I feel myself under great obligation Yr's respectfully,

ISAAC W LEAIN, 106 Wooster st

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market H P GILLING M D,

J WILSON M D, R B BRIGGS, M D.,

P E ELMENDORF M D

Albany, April 1 1846

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

Holden's Alterative and TONIC MIXTURE,

IS the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ and for removing many troubles which are often attributed to impurity of the blood

Its action is that of a mild Alterative and Tonic restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution

By its use the appetite becomes regular and good, digestion perfect, sick head ache and many nervous disturbances growing out of imperfect digestion are generally cured persons of debilitated constitution become healthy and strong by its use

By reason of the sympathy between the stomach and the skin many diseases of the latter grow out of a morbid action of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine

Many troubles of children supposed to arise from worms are caused by a deranged state of the stomach, and are removed by its use Persons both adults and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it

It contains no poisonous ingredient, and cannot in any case do harm

Home Testimony.

We, the undersigned have ourselves or in our families used Holden s Alterative and Tonic Mixture and are satisfied it is a very valuable preparation for the cases for which it is recommended

I have sold a large number of Holden's Alterative and Tonic Mixture the past year in this city and have found it to give more general satisfaction than any article I have sold for the purposes for which it is recommended and have received many verbal assurances of its extraordinary efficacy from persons whom I feel confident could not be deceived ALBERT EMERSON.

N. B. DOWN'S Vegetable Balsamic Elixir,

The Great Northern Remedy for Consumption!

ALSO, the most effectual remedy in the world for *Colds Coughs Whooping Cough Croup or Quincy, Asthma, Pain in the Side or Stomach*, and all diseases of the LUNGS AND LIVER

This medicine is purely vegetable, and is by far the most effectual medicine known for all diseases affecting the BRONCHIAL OR PULMONARY ORGANS

Its effect upon the patient is most marked, and differs from that of most medicines recommended for the same complaints, in the following particulars

1st—It never irritates the organs it should soothe—never dries up the cough, leaving the cause untouched—but first *loosens the cough, increases the expectoration or spitting* then removes the cause *enabruting it completely* from the system, when as a matter of course, the *cough ceases* and the patient is well

2d—It never produces costiveness in the consumptive patient—on the contrary, it has a laxative effect and is a moderate cathartic We defy the world to produce a case of costiveness so inveterate but that in two or three weeks (the patient in the mean time having proper regard to diet) it will entirely remove it, and produce a healthy action of the bowels

3d—It does not produce a *dryness of the skin* but is a powerful promoter of *sensible and insensible perspiration*, thus expelling by the pores of the skin those nauseous fluids and impurities of the blood the retention of which in the system is the *sure precursor of* DISEASE SICKNESS AND DEATH

We do not pretend that DOWN S ELIXIR is a specific for all the ills that flesh is heir to, but we do say, and can confirm by incontestable evidence that for

CONSUMPTION,

And all all diseases of the *lungs, the liver and the pulmonary organs*, it is *unrivalled—unequalled*—HUNDREDS by have been snatched from an UNTIMELY GRAVE, and hundreds who *delayed too long its use*, have found in the advanced state of their disease, that RELIEF FROM SUFFERING, which they had vainly sought from every other source

THIS INVALUABLE MEDICINE is *highly concentrated* and put up in 2 oz and 4½ oz bottles at fifty cents and one dollar per bottle, and each bottle warranted to contain MORE CURATIVE PROPERTIES than four bottles of any of the *weak, adulterated* pint bottle preparations of the day

We have received *hundreds of certificates* of its wonderful cures, from every part of the country, many of which have been published *and may be had gratis of any of our agents*

Sold wholesale and retail by CURTIS & SMITH General Agents St ALBANS, Vt, to whom all orders for supplies of the medicine should be addressed, (stating the best mode of sending it)—also sold by agents in nearly all the villages and towns in the country

It is also sold, at wholesale and retail by David Bugbee G W Ladd, Curtis & Perkins, A P Guild, Wm Mann, G McFarland Bangor, L. S Smith J W Curtis & Co., Hampden, Chas Johnson, J B Chick, Frankfort, H P Fifield Bucksport, J Hooper, Jr S P Hatch & Co, Castine, B Nourse Geo Parcher, Ellsworth, E P Butler & Co, Orono, J & R Fisk, H & J Y Richardson, Oldtown, Wm O Poor, Belfast, Chas A Macomber, R T Stocomb, East Thomaston

COLUMBIAN UNIVERSAL STRENGTHENING PLASTER.

THESE Plasters will be found a cure for *weakness — and lameness in the side, back, or stomach, stitches and all* RHEUMATIC AFFECTIONS *in the limbs, back or side*, and for all *weakness in the joints*—equalizes the circulation of the blood producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness removes all obstructions and invigorates the *entire nervous system* In not this then

The medicine you pre-eminently need?

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S,

because of one GRAND FACT that the one is INCAPABLE OF DETERIORATION and

NEVER SPOILS,

while the other DOES *souring fermenting* and *blowing the bottles* containing it into fragments, the sour, acid liquid exploding and damaging other goods Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid!* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what mischief it produces? flatulence, heartburn palpitation of the heart, liver complaint diarrhœa, dysentery colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings Fever Sores, and all ulcerations internal and external? Is it nothing under heaven but an acid substance which sours, and thus spoils all the fluids of the body, more or less What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases of impurity of the blood of deranged circulations, and nearly all the ailments which afflict human nature

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend a *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation"

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P. Townsend s FERMENTING COMPOUND.

We wish it understood, because it is the *absolute truth*, that S P Townsend s article and Old Dr Jacob Townsend's Sarsaparilla are *heaven-wide apart, and infinitely dissimilar*, that they are unlike in every particular having not one single thing in common

As S P Townsend is no doctor, and never was is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific, unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine be designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the withered and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its

Transcendent Power to Heal.

CAUTION EXTRA.

A man by the name of *CLAPP* has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla, denominating it *GENUINE* Original, etc This Townsend is no doctor, and never was, but was formerly a worker on railroads, canals, and the like Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not This is to caution the public not to be deceived and purchase none but the *GENUINE ORIGINAL OLD* Dr Jacob Townsend's Sarsaparilla having on it the Old Dr's likeness his family coat of arms, and his signature across the coat of arms

Principal Office 102 Nassau st New York City

DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *BENEFACTOR* and *DISCOVERER* of the *GENUINE ORIGINAL TOWNSEND SARSAPARILLA* Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER.

Knowing *many years* ago that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated This time has come the means are supplied this

GRAND AND UNEQUALLED PREPARATION is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration

Unlike young S P Townsend s it improves with age and never changes but for the better because it is prepared on *scientific principles* by a *scientific man* The slightest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr s Sarsaparilla The Sarsaparilla root, it is well known to medical men contains many medicinal properties and some properties which are inert or useless and others which if retained in preparing it for use produce *fermentation* and *acetic* which is antagonistic to the system Some of the properties of Sarsaparilla are so volatile that they are rapidly evaporated and are lost in the preparation, if they are not preserved by a *scientific process* known only to the so experienced in its manufacture Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat, are the very *essential vivifying properties* of the root, which give to it all its value

Any person can boil down as it is now done till they get a dark colored liquid—so much more from the coloring matter in the root than from any thing else they can then strain this insipid watery liquid, sweeten with sour molasses, and then call it SARSAPARILLA EXTRACT or SYRUP But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND S SARSAPARILLA.

This is so prepared that all the nutritious properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear *commendations* on every side in its favor by men women, and children We find it doing wonders in the cure of

CONSUMPTION DYSPEPSIA and LIVER COMPLAINT and in *RHEUMATISM SCROFULA, PILES, COSTIVENESS all CUTANEOUS ERUPTIONS, PIMPLES, DISORDERS*, and all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from *indigestion* from *Acidity of the Stomach* from unequal circulation determination of blood to the head palpitation of the heart, cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds and Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of *Whites or Weakness Falling of the Womb Obstructed, Suppressed or Painful Menses Irregularity* of the menstrual periods and the like, and is so effectual in curing all the forms of *Kidney Disease*

by removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia St Vitus Dance Swooning Epileptic Fits Convulsions &c*

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the fluids equalizes the circulation of the blood producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness removes all obstructions and invigorates the *entire nervous system* In not this then

The medicine you pre-eminently need?

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

GALVANIC BELTS, PATENT BELTS, MAGNETIC FLUIDS

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States to be the *most valuable* medicinal discovery of the age

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body giving tone to the various organs, and invigorating the entire system Also in

FITS, CRAMP, PARALYSIS AND PALSY.

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST.

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

which complaints arise from one simple cause namely

A Derangement of the Nervous System

☞ In NERVOUS COMPLAINTS Drugs and Medicines *rarely* give relief for they weaken the vital energies of the already prostrated system while under the strengthening influence of taking Galvanic Fluid the system soon rallies, the nerves are toned to their natural vigor, the exhausted brain and weakened functions are restored to former health, strength and activity

Free from the liability and even fear of

Dr Christie's Galvanic Curatives,

consists in the fact that the person using them is not dosed by internal applications in place of the natural and healthy action being produced by the patient's own vital energies, *which alone can cure disease*

Every sensation of the system is felt in the most delicate manner, and the *first symptoms* of returning health are the

60,000 Persons

including all ages classes and conditions in society which is a large number of cases which are cured are subject to Nervous Complaints which often

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief has been given up, and everything else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that dreadful disease DYSPEPSIA or any other Chronic or Nervous Disorder In ordinary cases stimulants are taken which, by their action on the nerves and muscles of the stomach afford *temporary* relief but which leave the patient in a lower state and with injurious effects, after the action thus excited has ceased Now comes the use with the effect resulting from the application of the GALVANIC BELT Take a Dyspeptic sufferer, and see him in the worst symptoms of an attack and simply tie the Belt around the body using the Magnetic Fluid as directed In a short period the insensible perspiration will act on the positive element of the Belt thereby causing a galvanic circulation which will pass on to the negative and thence back again to the positive thus keeping up a continuous Galvanic current throughout the system Thus the most severe case of DYSPEPSIA are PERMANENTLY CURED A FEW DAYS IN OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS

Certificates and Testimonials

From the most Respectable Sources,

Could be given sufficient to fill every column in this paper We make a few selections The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

Sandy Ridge New Jersey July 17 1849

Dr A B Christie —Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE My reply is satisfactory

For about *three years* I had been suffering from Dyspepsia in its worst form the exciting cause of my disease was, as I believe, the *great labor and fatigue* of my pastoral duties, which, during that period, were more than usually arduous and oppressive In the summer of 1845 I had a severe attack of bilious pleurisy, from which I never entirely recovered, and from that time I was subject to a severe chronic rheumatism which for *four years* more caused me much suffering In the autumn of 1846 I had a violent attack of bilious pleurisy, the skill of my physicians sometimes afforded me great relief but this relief was only temporary Further in the winter of 45 and 46, in consequence of preaching a great deal in my own church and others in
